2.2 Interpretation

Concepts not defined in this document, but which have a meaning in the Corporations Act or the Listing Rules have the same meaning in this document.

3 Objectives

3.1 The objectives of this policy are to:

- (1) minimise the risk of Directors, employees and contractors of the Group contravening the laws against insider trading;
- (2) ensure the Company is able to meet its reporting obligations under the ASX Listing Rules; and
- (3) increase transparency with respect to dealing in Securities of the Company (including shares and options) by its Directors and KMPs.

3.2 To achieve these objectives, all Directors, employees and contractors of the Group should consider this Policy to be binding on them in the absence of a specific exemption by the Board.

3.3 All of the provisions of this Policy should be taken to automatically extend to any entities that are considered to be an Associate of any Director, employee or contractor.

See clause 15.2 for further information.

4 What is insider trading?

4.1 The Corporations Act 2001 (Cth) prohibits persons who are in possession of information that is not generally available to the public, and which a reasonable person would expect to have a material effect on the price or value of Securities (Price Sensitive Information), from:

- (1) dealing in Securities; or
- (2) communicating the Price Sensitive Information to others who might deal in Securities.

4.2 Information is generally available to the public if, amongst other things, it consists of readily observable matters or it has been brought to the attention of investors by an announcement with ASX Limited (ASX) and a reasonable period for its dissemination has elapsed since the announcement.

4.3 Directors, employees and contractors of the Group will from time to time be in a situation where they are in possession of Price Sensitive Information. Examples include information which may have a material effect on the Company's financial position and information regarding a major transaction which is being negotiated.

4.4 For these reasons, if any person believes that they may be in possession of Price Sensitive Information, the advice of the Designated Officer should be sought prior to any dealings taking place during any period set out in clause 8.

5 No dealing in Securities of the Company when in possession of Price Sensitive Information

5.1 All Directors, employees and contractors of the Group in possession of Price Sensitive Information must not at any time:

- (1) deal in Securities;
- (2) advise, procure, encourage or suggest another person deal in Securities; or
- (3) communicate the Price Sensitive Information, or cause the Price Sensitive Information to be communicated, to a person who may deal in Securities or may procure another person to deal in Securities.

5.2 A contravention of the insider trading prohibitions is an offence and exposes a person to criminal and civil liability, including liability under civil damages actions and compensation orders. The penalties for a breach of the insider trading prohibitions are serious and include severe fines and imprisonment.

5.3 KMPs must ensure that external advisors who receive Price Sensitive Information are bound by a confidentiality agreement or other enforceable confidentiality obligations.

5.4 From time to time, the Company may circulate internally on a confidential basis a list of companies whose securities Directors, employees and contractors of the Group are prohibited from dealing in due to the Company being in possession of Price Sensitive Information in respect of those companies (Restricted Securities List). Directors, employees and contractors of the Group must not deal in securities of companies on the Restricted Securities List at any time.

6 Blackout periods

6.1 Directors, KMPs, contractors and other employees of the Group must not deal in Securities during any of the following blackout periods:

- the period from the close of trading on the ASX on 30 June each year, or if that date is not a trading day, the last trading day before that day, until the day following the announcement to ASX of the preliminary final statement or full year results of the Company;
- the period from the close of trading on the ASX on 31 December each year, or if that date is not a trading day, the last trading day before that day, until the day following the announcement of the half-yearly results of the Company; and
- any other period that the Board specifies from time to time.

For the avoidance of doubt, during the above periods Directors, KMPs, contractors and other employees must not deal in financial products issued or created over or in respect of Securities (for example, exchange-traded options, contracts for differences and other derivatives).

7 No short-term dealing in Securities of the Company

7.1 Directors and KMPs must not at any time engage in short-term dealing in Securities of the Company.

Short-term dealing is considered to be dealing where the acquisition and disposal of Securities occurs within 6 months of each other.

8 Dealing in Securities of the Company during Trading Window only

8.1 In addition to the restrictions in clauses 5 and 6 and 7, Directors and KMPs must only deal in Securities of the Company during:

- (1) the six-week period following the announcement of the Company's half yearly or annual financial results to ASX (Trading Window), but subject to any additional restriction that the Company may put in place during that period; and
- (2) any other period designated by the Board.

8.2 For the avoidance of doubt, employees (excluding KMPs) and contractors may deal in Securities outside the Trading Window, except during any blackout period or whilst in the possession of Price Sensitive Information.

9 Trading in exceptional circumstances

9.1 Any person who is prohibited from dealing in Securities during a blackout period under clause 6 or outside a Trading Window and who is not, at the relevant time, in possession of Price Sensitive Information may deal in Securities of the Company during such periods or if there are exceptional circumstances and he or she receives prior written clearance from the Designated Officer.

9.2 Exceptional circumstances are:

- (1) financial hardship which cannot be satisfied otherwise than by dealing in Securities of the Company; or
- (2) a court order directing the dealing in Securities of the Company.

9.3 Any person who wishes to deal in Securities of the Company during a blackout period under clause 6 or a period outside a Trading Window based on exceptional circumstances must apply in writing (email is acceptable) to the Designated Officer for prior written clearance to deal in those Securities. The application must include the following information:

- (1) details of the exceptional circumstances;
- (2) the number of Securities that he or she wishes to deal in;
- (3) the way in which he or she wishes to deal in those Securities;
- (4) a request for clearance to deal in those Securities; and
- (5) confirmation that he or she is not in possession of any Price Sensitive Information.

9.4 The Designated Officer must consider the objectives of this policy and the purpose of the ASX Listing Rules in making a determination as to whether to provide consent to deal in Securities of the Company during a blackout period under clause 6 or a period outside the Trading Window. Any consent remains at the absolute discretion of the Designated Officer whose decision is final and binding on the applicant.

9.5 Any consent provided by the Designated Officer under this policy must:

- (1) be in writing (email is acceptable); and
- (2) outline the duration of the clearance (which must be no more than 5 trading days from the date of the provision of any consent).

10 Directors and KMPs must obtain prior written clearance for any dealings in Securities of the Company

10.1 Notwithstanding anything in this policy to the contrary, Directors and KMPs must obtain approval for any intended dealing in Securities of the Company from the Chair or, in the case of the Chair, from the Company Secretary. The request for approval must be submitted at least 3 trading days prior to the date of the intended dealing and must include the following information:

- (1) the number of Securities that he or she wishes to deal in;
- (2) the way in which he or she wishes to deal in those Securities; and
- (3) confirmation that he or she is not in possession of any Price Sensitive Information.

10.2 Directors and KMPs may only proceed with the dealing in Securities after having first obtained approval from the Chair or, in the case of the Chair, from the Company Secretary.

10.3 Approval is intended as a compliance monitoring function only and is not an endorsement of the proposed dealing in Securities. Directors and KMPs remain responsible for their own investment decisions and compliance with the law.

11 Notification of dealings in Securities of the Company

11.1 The ASX Listing Rules require the Company to notify ASX of dealings in notifiable interests in Securities by Directors within 5 business days. Notifiable interest includes any relevant interest that the director has in securities of the Company. Directors are not mandated to notify ASX of movements in securities between various accounts held by the director.

11.2 Directors must notify the Company Secretary immediately after dealing in any Securities and provide the Company with the requisite details of the dealing to enable the Company to comply with the ASX Listing Rules.

11.3 KMPs (other than Directors, who must comply with clause 11.2) must notify the Company secretary immediately after acquiring or disposing of a relevant interest in any Securities.

12 No hedging

12.1 Notwithstanding any other part of this policy, Directors and KMPs must not at any time enter into transactions in associated products which operate to limit the economic risk of holding Securities in the Company.

13 Margin lending

13.1 ASX has previously highlighted that in certain circumstances, the Company may be required to disclose details of the margin lending arrangements of Directors and KMPs in respect of their Securities (if any), if that information would be material information under ASX Listing Rule 3.1. To enable the Company to comply with ASX Listing Rule 3.1, any Director or a KMP of the Company who enters into margin lending arrangements or otherwise encumbers their Securities of the Company (Security Arrangements) is required to provide details of those Security Arrangements to the Designated Officer upon entering into, and on any change (other than a trivial or minor change) occurring to, the Security Arrangements. Security Arrangements may be subject to prohibitions on dealing in Securities of the Company contained in this policy.

13.2 The details of the Security Arrangements which must be provided pursuant to clause 13.1 must include the number of Securities involved, any trigger points, the right of the lender or security holder to sell the Securities unilaterally and any other material details.

13.3 Directors and employees of the Company may take out margin loans over their holdings in Securities. However, Directors and employees must not allow a margin call to be met by the sale of the Securities at a time when they would not be able to sell those Securities themselves under this policy.

14 Penalties

14.1 A contravention of this policy by a Director, a KMP or other employee or contractor of any member of the Group may result in summary dismissal.

15 Application

15.1 This policy applies to all Directors, employees and contractors of any Group company.

15.2 For the purposes of this policy, Directors, employees and contractors dealing in Securities of the Company includes “Associates” of Directors, employees and contractors of the Group dealing in Securities. It is incumbent on each Director, employee and contractor of the Group to take reasonable steps to ensure that an Associate does not deal in Securities in contravention of this policy where the dealing could be attributed to the Director, employee or contractor concerned. “Associates” includes your relatives, entities which you control and entities you are acting in concert with.

15.3 The following types of dealing in Securities are **excluded** from the operation of this Policy:

- (1) transfers of Securities already held in a superannuation fund or other saving scheme in which the restricted person is a beneficiary and where the investments are made at the discretion of a third party;
- (2) an investment in, or dealing in units of, a fund or other scheme (other than a scheme only investing in Securities) where the assets of the fund or other scheme are invested at the discretion of a third party;
- (3) where a restricted person is a trustee, trading in Securities by that trust, provided the restricted person is not a beneficiary of the trust and any decision to trade during a prohibited period is taken by the other trustees or by the investment managers independently of the restricted person;
- (4) undertakings to accept, or the acceptance of, a takeover offer;
- (5) acceptance of Securities following approval by the Board or Shareholders (as appropriate) under an employee incentive scheme;
- (6) dealing under an offer or invitation made to all or most of the security holders, such as a rights issue, a security purchase plan, a dividend or distribution reinvestment plan and an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by the Board and/ or Shareholders (as appropriate). This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of the entitlements under a renounceable pro rata issue;
- (7) a disposal of Securities that is the result of a secured lender exercising their rights, for example, under a margin lending arrangement; and

(8) participation in an employee, executive, or director equity plan operated by the Company (including by exercise of option or rights).

However, where securities in the Company granted under an employee, executive or director equity plan cease to be held under the terms of that plan, (for example, Company Securities that are acquired following exercise of options or rights or that are released from restriction), any dealings in those securities must only occur in accordance with this Policy.

16 Contact

16.1 If you have any questions about any of the issues raised in this policy you should contact the Designated Officer.

17 Review and Amendment of Policy

17.1 This policy will be reviewed periodically and updated as required to ensure it continues to operate effectively.

18 Availability of Public Materials

18.1 A copy of the Securities Dealing Policy will be made publicly available on the Company's website in the corporate governance section at <https://www.alexiuminternational.com/investor-relations/>.

Approved by the Board on 7 April 2025.
